SPIRITUALITY POLICY

September 2023

Review Date: September 2025

Introduction

The Chellington Federation Church of England Federation is a Christian learning environment at the heart of its communities. We promote care and respect, and expect high standards in all aspects of Federation life.

As a Church of England Federation, the schools promote a friendly, caring, family ethos where everyone works as a team to support each other across all areas of school life thus encouraging Happiness through Wisdom - "There is gold and a multitude of rubies; but the lips of knowledge are a precious jewel." Proverbs 20:15

In each school, we aim to build communities clearly based on Christian values. At Christopher Reeves, the whole community is encouraged to 'Live our Values' being strong and courageous to follow God's love and stand steadfast. "Be strong and courageous, do not be afraid, do not be discouraged, for the Lord, your God, will be with you wherever you go." Joshua 1:9

At St Lawrence we encourage all children to 'Let Their Light Shine' through the core values of hope (Letting our light shine gives us hope for the future.), courage (We have courage to Let our Light Shine.) and perseverance (When we persevere our light can shine). "Let your light shine before others, that they may see your good deeds and glorify your Father in heaven." Matthew 5: 14-16

This policy, and its associated procedures and protocols, is based on these key principles.

The Chellington Federation recognises that children are vulnerable to, and capable of, abusing their peers. We take such abuse as seriously as abuse perpetrated by an adult. This includes verbal abuse as well as physical and sexual abuse. Child-on-child abuse will not be tolerated or passed off as part of "banter" or part of "growing up".

Christian Vision

Everyone is valued as an individual and helped to develop and progress in their own unique way within a Christian environment. Our vision, 'Gold there is, and rubies in abundance, but lips that speak knowledge are a rare jewel.' is at the core of everything we do. The curriculum we offer is not merely academic, but embraces the spiritual, moral, social and cultural development of all pupils and is deeply rooted in our vision that we gain Happiness Through Wisdom.

Each individual school has their own Christian vision. These are as follows:

St Lawrence

We care passionately about our school community being able to let their light shine whilst feeling respected and valued and knowing that their contribution will be recognised. This involves a knowledge rich curriculum in which pupils flourish spiritually, creatively and academically.

We care passionately about our school community being able to Live out their values whilst being able to enjoy achieving and developing as confident, caring citizens of the future. This involves a knowledge rich curriculum in which pupils flourish spiritually, creatively and academically.

School Statement on Spirituality and Spiritual Development

In Christopher Reeves and St Lawrence Primary Schools, we recognise that developing the spirituality of our pupils and adults is a fundamental aspect of enabling pupils and adults to flourish.

Spiritual development differs from person to person and is a very personal experience. For this reason, it is difficult to put into words. Spirituality is not the same as having a religion or faith; a person can be spiritual without having a particular faith. For Christians in church, spirituality is about developing a deeper understanding of and connection with God. It is about God's way of being with us and our way of being with God. Through this we are able to respond to the loving nature of God as revealed through the Trinity: Father, Son and Holy Spirit. A school is not a church, but it is a collection of people who come from a variety of backgrounds for the purpose of education. Family backgrounds may be very different and spiritual development must take account of the varied circumstances of staff and pupils.

Therefore, in light of this and in light of our school's distinctively Christian vision, at Christopher Reeves and St Lawrence Primary Schools we consider that Spirituality makes us who we are. It is our ability to reflect about our beliefs. It is being able to inform our perspective on life and our interest in and respect for different people's faiths, feelings and values.

Aims and Guiding Principles

Through establishing the right learning environment in which spiritual development can be fostered, we aim to support pupils and adults to:

- develop an appreciation of their uniqueness and value as a child made in the image of God
- develop an understanding of the distinctive ethos of this church school, as well as the context, language and symbolism of the Christian faith
- develop knowledge and understanding of the school's core Christian values and the Biblical teaching that underpins them
- develop an awareness of, and respect for, other people's beliefs and faiths, and the ability to articulate their own
- develop an appreciation of what it means to be a part of a community (e.g. using their gifts and abilities in the service of others)
- develop strategies to build good mental health
- foster self-awareness and the ability to make informed decisions
- develop the skills and language required to enable them to reflect upon the big questions and mysteries of life
- begin to understand and make sense of their own feelings and emotions around certain encounters and events that occur in their life
- develop an awareness that experiences of disappointment, failure and loss may be occasions for spiritual growth
- understand the value of difference and diversity through involvement with others
- develop a love of curiosity, creativity and imagination
- develop the ability to reflect upon experiences of awe, compassion, beauty etc.
- develop a capacity to value the natural world, a sense of awe and wonder and a commitment to care for creation.

These objectives will enable pupils and adults to have a quality of life that encompasses respect, awareness, compassion, curiosity, understanding and relationships that reflect order, reason, balance and integrity within the context of Christian faith.

Guiding principles

Spiritual development contains many facets and it is concerned with a number of areas of an individual's life. Therefore, when developing spirituality in pupils and adults, we, in line with our distinctively Christian visions and our school's definition for spirituality, look at four key areas:

- Self
 - Awareness of feelings: ability to reflect and express.
 - Awareness of our uniqueness: happiness with who we are.
 - Gratitude for the things we have and the person we are.
 - Exploration of personal faith.
 - Development of imagination and creativity.
- Others
 - Empathy and understanding: respect.
 - To love and be loved (loving your neighbour).
 - Making a difference: duty.
- Transcendence (Beyond)
 - Encountering / experiencing God (having a sense of what lies beyond the material / physical).
 - Ability to ask and discuss the 'Big Questions' (e.g. about life, death, suffering, nature of God).
 - Opportunities for prayer, connecting with God.
 - Making sense of the world.
- Nature
 - Developing a sense of awe and wonder.
 - Enjoying the miracles of everyday life.
 - Taking time for what really matters.
 - Appreciating beauty in art, music, nature, etc.

Approaches to Spiritual Development

In Christopher Reeves and St Lawrence Primary Schools we seek to find ways in which all areas of the curriculum can contribute to pupils' spiritual development and to highlight opportunities for these in our planning by:

- seeking to foster spiritual capacities, e.g. imagination, insight and empathy
- allowing pupils the security and opportunity to explore and express feelings and emotions and to celebrate diversity
- providing opportunities for prayer including silence and stillness
- sharing feelings and experiences that foster hope, joy, reassurance and encouragement
- encouraging pupils to develop relationships based on the school's Christian vision and associated values
- enabling pupils to make the links between the Church and Biblical teachings, the life of the school and the wider community and how these impact on their own understanding of themselves and their place within the world today
- providing an environment that promotes space to reflect, think and wonder.

As part of our approach to spiritual development, we use the following strategy in our schools:

WINDOWS: *giving the pupils opportunities to become aware of the world in new ways; to wonder about life's WOWs (things that are amazing) and Oohs (things that bring us up short). In this, pupils are learning about life in all its fullness and glory.*

We provide WINDOWS throughout our curriculum. We have lessons with an awe and wonder focus using a variety of stimuli including photos, videos, music, current events and real-life stories.

MIRRORS: *giving pupils opportunities to reflect on their experiences; to meditate on life's big questions and to consider some possible answers. In this they are learning from life by exploring their own insights and perspectives and those of others.*

MIRRORS are used throughout high quality RE lessons; pupils are consistently challenged to reflect on their learning about religion to help them learn from religion, regardless of whether they have a specific faith.

DOORS: *giving pupils opportunities to respond to do all of this; to do something creative as a means of expressing, applying and further developing their thoughts and convictions. In this way they are learning to live by putting into action what they are coming to believe and value.*

Pupils in our school identify DOORS. They may hear of a local issue or an international event and request to take action through fund-raising and raising awareness – this is often done via school council, worship leaders but our pupils have the confidence that they know they are listened to and respected by adults in the school and will raise issues and concerns independently.

Planning, Recording, Monitoring and Evaluation

Through teaching and learning, the school pursues the aims and objectives by ensuring:

- the curriculum and all areas of our community life will be driven by the school's Christian vision statement and associated values
- opportunities for spiritual development are actively planned into the curriculum and encouraged in all areas of school life
- unplanned and spontaneous spiritual opportunities for spiritual development are recognised, acknowledged and / or celebrated by staff and pupils
- Collective Worship celebrates the love of God for every individual and provides opportunities for pupils to respond and reflect on this
- a solid understanding of the Christian concept of God as Father, Son and Holy Spirit; of prayer and of the Bible is nurtured and developed
- the school building and outdoor environment provides appropriate spaces for silence, stillness and prayer
- that pupils' spiritual capacities, such as imagination, empathy and insight, are fostered through the creative arts and interactive multi-sensory teaching strategies making use of the outdoor environment and relevant educational visits
- opportunities are provided for pupils to listen attentively and observe carefully, to listen with discernment, to value what is good and worthwhile and to make judgements through discussion and exchange of views and ideas
- support is provided for learning to live with success and failure for themselves and with others
- that the RE curriculum delivers knowledge and understanding of spirituality from a number of world faith and world view perspectives
- that pupils are given as many opportunities as possible to explore the wonder of the natural world and to develop an understanding of the Christian belief that creation is a gift from God to be enjoyed, cherished and protected
- strategies for positive mental health are promoted.

Monitoring and evaluation

Spiritual development cannot be measured and continues throughout our lives. However, opportunities offered to pupils for spiritual development will be monitored and evaluated in the following ways:

- observing and listening to pupils
- regular discussion at staff and governor meetings alongside the school's Christian vision and values
- sharing of classroom work and practice
- ensuring that staff have a clear understanding of what spirituality means in this school
- evidence from pupils' work, e.g. RE books, SMSC work, PE, art
- CPD opportunities and sharing examples of good practice with other schools
- Spirituality day.
